Data format

We accept the following data formats:
PDF, EPS, TIFF, JPG.

Please observe the following points:

1. Embed all text or convert it into streams.
2. Use only CMYK colours.
3. With pixel-oriented data formats, we require a resolution of at least 250 dpi.
4. Do not compress JPG files too strongly, or this will lead to visible loss of image quality. Use the "maximum" or "high" quality gradings.

To avoid errors, please observe the following:

Send all text to be used and associated files together. Attach a hard copy/print-out to the layout check. Ensure that no RGB colours are used in any files, including the associated files. For files from programmes not intended for the creation of printed documents (e.g. Word, Excel, Powerpoint), the files must always be converted. This means inevitable changes in data and considerable additional work, which we have to add to your invoice.

inspect America - The Digital Edition

In addition to inspect Europe, *inspect America* completes the international portfolio. It is published twice a year in digital format and in English, and is aimed at machine vision users and integrators in North America. It includes and highlights any events and their focus topics for our readers in those areas. The first issue in 2023 is all about embedded vision. The second issue is broader in terms of content, but the focus here is also on latest technologies, market trends and new products.

As with all digital editions of inspect, inspect America takes advantage of the full range of possibilities digitization brings with it. In addition to design benefits such as animations during page turning, internal and external links are integrated, so that readers always have easy access to the desired information and contact options. Videos of interviews, applications or products are included, as well as interactive elements, such as image galleries.

In addition to the 28,902 recipients of the E-Specials (see page 11), inspect America reaches another 5,000 users and integrators of machine vision in North America. The first issue is also sent to the recipients of the newsletter of our media partner Edge AI + Vision Alliance.

Interview with Jeff Bier, Organizer of Embedded Vision Summit

Michael Zapke: "Big steps to make the use of AMD technology easier for customers"

Editor of ALLIANCE

EMBEDDED VISION

Embedded Vision: Many good reasons for continued strong growth

Market report: Embedded Vision

The embedded vision market continues to grow strongly. On the one hand, this is due to the fact that the demand for embedded vision systems is increasing in many areas of application. On the other hand, however, the price for these systems is also falling significantly, which is a further driving force for the market. The market is also being driven by new products and services that are being developed by the major players in the industry, including some product developments.

As a result of the growing demand for embedded vision systems, the market is expected to reach a value of 1.2 billion USD by 2025. This is a significant increase from the current value of 0.8 billion USD. The main drivers of this growth are the increasing demand for high-speed processing and the need for compact, energy-efficient solutions.

Embedded vision systems are used in a wide range of applications, from industrial production to medical diagnostics. They offer many advantages over traditional vision systems, such as the ability to process large amounts of data in real time and the ability to integrate with other systems.

As a result of these factors, the embedded vision market is expected to continue to grow strongly in the coming years. This will create many opportunities for companies in this sector.

Official Industry Newsletter of the World's Leading Trade Fair for Machine Vision

Dear readers,

Is the pandemic coming to an end? The signs are there. The vaccination rates in Great Britain, the USA and now also Germany are over 50 percent, the football stadiums fill up for the European Championship and the economy is booming. This has now also moved the VDMA to raise the real production forecast for 2021 from previously plus 7 percent in real terms to now plus 10 percent.

'An unusually low prior-year base, but also a powerful global industrial economy, are helping us to achieve high growth rates. In addition, the machinery and plant engineering sector is benefiting from extensive economic stimulus and growth packages in key sales markets,' said VDMA President Karl Haeusgen. [Read](#)

Intrusion prevention and next generation firewalls

The small "bump-in-wire" EtherCatch series IPS device and the EtherFree series IPS firewall protect critical assets such as PLCs and HMIs at the edge of OT networks.

Pattern-based visual patching and intelligent threat protection

Frequent patching significantly reduces a system's vulnerability to cyber threats. However, this remains a critical challenge for OT environments. Visual patching techniques can complement existing switch management processes by building agents into existing OT environments. Visual patching acts as an operational emergency security tool that network administrators and operators can quickly deploy to remediate vulnerabilities in OT networks.

ADVERTISING TERMS

- 2. In submitting Advertising to Wiley, the Customer grants Wiley a worldwide, royalty-free, irrevocable licence to publish and print the Advertising as set out in the Booking Confirmation as well as the right to sub-license all such rights to any third-party provider.
- 3. Wiley will, or will instruct its affiliates to, use commercially reasonable efforts to publish the Advertising in the format and in the position as set out in the Booking Confirmation, however all Advertising is subject to editorial approval and Wiley reserves the right to vary the placement of Advertising within a print product or online site or digital product when necessary.
- 4. Wiley reserves the right at any time to refuse or withdraw from publication Advertising which is not in accordance with the specifications provided in the Booking Confirmation, these Terms or is otherwise inappropriate in Wiley's sole and reasonable discretion. Notwithstanding the foregoing, Wiley has no obligation to review or approve Advertising copy (for compliance, appropriateness, or otherwise). Wiley may publish the Advertising with a heading 'Advertising' or in some other manner to distinguish the advertising material from editorial material. If and to the extent that the Advertising does not conform to Wiley's then-effective production specifications, Wiley reserves the right to make technical modifications as necessary to conform to such specifications.
- 5. If Wiley is creating advertising copy on behalf of the Customer, Wiley will provide final copy for the Customer's approval by email.
- 6. Customer is solely responsible for compliance with all laws, standards, industry codes and other binding guidelines as to the content of the Advertising, whether created by Wiley on its behalf or provided to Wiley, including but not limited to all applicable medical advertising regulations.
- 7. The Customer will supply an authorised Purchase Order or Insertion Order to Wiley for Print Advertising and Online Advertising. Advertising bookings cannot be reserved without receipt of the aforementioned documents. Orders for booking of Online Advertising must be received at least 7 business days in advance of the proposed first run date. Wiley cannot guarantee that orders received after this time will be fulfilled. Customer shall book Online Advertising on a monthly basis unless otherwise expressly set out in the Booking Confirmation. Publication dates specified in the rate cards may be subject to changes at the discretion of Wiley; new publication dates will be communicated to the Customer prior to publication, at point of order confirmation where possible.
- 8. The Customer must submit the required copy for Print Advertising on the material submission date as set out in the Booking Confirmation ("Materials Due Date"). If a Customer fails to provide the Print Advertising copy for a confirmed booking by the Materials Due Date, the Customer may be charged for Print Advertising unless a cancellation has been approved by Wiley in writing. If Wiley accepts copy for the Print Advertising after the Materials Due Date, Wiley makes no representations that Print Advertising will be published and the Customer will have no claim against Wiley for credit or republication in the event of non-publication, or if the Print Advertising is published in another manner or format than as set out in the Booking Confirmation.

- 10. Customer shall deliver and shall be solely responsible for providing to Wiley all of the text, pictures, graphics, sound, video, programming code and other media which comprise the graphic or html file that comprises the Online Advertising in conformance with Wiley's delivery specifications.
- 11. Wiley makes no guarantees as to the number of visitors to any Wiley site or digital product or the number of impressions at any Wiley site or digital product, unless such guarantees are expressly made in writing by Wiley in the Booking Confirmation. Any 'impression goals' or the like provided are non-binding. Online Advertising described in the Booking Confirmation as '100% sponsorships' will not be subject to any impression or viewability guarantees.
- 12. Wiley will provide reporting at the end of the Online Advertising campaign, or otherwise as requested within a reasonable time of request, to give details of Online Advertising performance (i.e. impressions, clicks). Real time transparency of campaigns can be managed by the Customer by using Google Ad Manager.

13. Unless specifically set out in the Booking Confirmation and agreed in writing by Wiley, Online Advertising will not be behind a registration barrier. The Customer acknowledges that Online Advertising placed on Wiley Online Library will be viewable by both subscribers and non-subscribers to Wiley Online Library. For the avoidance of doubt, Print Advertising may be viewable by non-subscribers to journals or periodicals.

14. In relation to Online Advertising to be included in email alerts to subscribers and other authorised users of Wiley's products ("Email Alerts"), Wiley cannot guarantee the send date of any Email Alert advertising unless otherwise expressly agreed in the Booking Confirmation.

15. The sole remedy for any failure by Wiley to provide any Advertising, is that the Customer will be provided with a period of Online Advertising or additional Print Advertising in an equivalent placement and for a set period of time as determined by Wiley. Wiley will not be responsible for any failures that are not caused by Wiley. Wiley cannot guarantee that such 'make-up' bookings can be made in the month following the initial Advertising period.

16. In submitting Advertising to Wiley, the Customer warrants and represents that:

- (a) publication of any Advertising (including any Advertising copy that is created by Wiley on behalf of the Customer which has been approved by Customer) in the manner set out in the Booking Confirmation will not breach or infringe any copyright, patent, trademark, trade secret or obligation of confidentiality or privacy, any law of defamation or obscenity, or any relevant law or regulation concerning advertising or promotions, including any medical advertising laws, industry codes or regulations;

- (f) Online Advertising does not create, facilitate the creation of or exploit any security vulnerabilities in a user's computer, promote programs which compensate or provide incentives to users for clicking ads or offers, performing searches, surfing websites or reading emails or contain viruses, trojan horses, worms, time bombs, cancelbots or other harmful or deleterious programming routines whether similar or dissimilar to the foregoing; and

- (g) Customer has obtained written consent to display the name or image of any living person in any Advertising.

17. The Customer acknowledges that in relation to Advertising, Wiley makes no representation or warranty (i) that any publication of any Advertisement will be confined to persons resident in various countries (ii) of the exact number of page impressions that will be delivered, (iii) regarding the quality of reproduction of the Advertisements; or (iv) as to the availability of any Online Advertising site or digital product.

18. In addition to the Terms, the following clauses of the standard terms and conditions of the Interactive Advertising Bureau for Media Buys of Less than One Year ("[IAB Terms](#)") will apply to all Online Advertising services, with Wiley being the 'Media Company' and Customer being the 'Agency' and 'Advertiser' (unless the Customer is a media agency booking advertising on behalf of a customer in which case it will be the Agency, with its customer being the Advertiser):

- (a) Section II (Ad Placement and Positioning);
- (b) Section IV (Reporting) (excluding clause IV(b));
- (c) Section XII (Non-Disclosure, Data Usage and Ownership, Privacy and Laws)
- (d) Section XIII (Third Party Ad Serving and Tracking)

In the event of any inconsistencies between the IAB Terms and these Terms, these Term will prevail, to the extent of the inconsistency.

REPRINT TERMS

19. A Reprint Quotation will be provided to the Customer by Wiley. The Customer must provide a Purchase Order or return the Reprint Quotation and provide all relevant details in order to submit an order for producing the Reprint and in doing so, the Customer agrees to be bound by these Terms. Wiley may issue a Booking Confirmation to confirm the Order.

20. The Reprints are solely for the use of the Customer and may not be re-sold, posted on the internet (other than as permitted for ePrints in the format specified by Wiley) or reproduced in any other format or media without the express written permission of Wiley and payment of the appropriate licence fee. The Reprints must not be amended or modified in any way after delivery. If the Customer wishes to append or add any material to a Reprint it shall inform Wiley at the time of making the order and pay any additional fees charged by Wiley. Wiley reserves the right to accept or decline any such request in its sole discretion.

21. For ePrints, the Customer will be provided with a link and is entitled to the number of downloads of ePrints, as specified in the Reprint Quotation and/or Booking Confirmation. The Customer may opt to pay a premium price and have a print download option on ePrints if confirmed in the Booking Confirmation.

22. Wiley will use commercially reasonable efforts to deliver the Reprints by the date specified by the Customer (if any) in the accepted Reprint Quotation, however Wiley will not be liable for any non-delivery or late delivery.

23. It is the responsibility of the Customer to notify Wiley in writing of any damage or shortage within 30 days of the date of actual delivery of physical Reprints to the Customer. Wiley will take no responsibility for any damage or shortage notified after this period has expired.

Advertising and Reprint Production Terms and Conditions

PRICING

- 24. The price for the Advertising is set out in the Booking Confirmation. An invoice will be sent by Wiley to the Customer following print publication or digital campaign fulfilment.
- 25. The price for producing the Reprints is set out in the Reprint Quotation and is valid for 30 days from the date of issue. The price quoted includes a maximum of three (3) proofs of the Reprint. Should Customer require any additional proofs, these will be subject to an additional charge at the discretion of Wiley. If a Reprint Quotation has been provided in advance of the printing date, the details of the order may change upon printing. In this event, Wiley reserves the right to amend the Reprint Quotation to reflect any changes including, without limitation, page length. If a Customer requires a pro forma invoice, Wiley can issue an invoice after the order is confirmed.

CANCELLATION

- 26. If the Customer wishes to cancel Advertising after the provision of an Insertion Order or Purchase Order, the Customer must immediately notify Wiley in writing. For Print Advertising, the Customer may, at Wiley's discretion, still be liable for any charges where cancellation requests are received after the Materials Due Date for that Advertising. For Online Advertising, unless the Booking Confirmation has specified that such Online Advertising is non-cancellable, the Customer may cancel Online Advertising on 14 days' written notice to Wiley with no penalty, provided that the Customer shall pay all fees for all Advertising within the 14-day notice period up until the effective date of termination and if there are any custom content or development for any Advertising, the Customer shall pay for the provision of all services performed up to the effective date of termination.
